Special Features

As an added bonus, Kumalae ukuleles come with optional features, such as satin or high gloss finishes and Belcat electronics. These features are available on all our models. All our ukuleles are strung with Aquila Nylon/Gut strings.

To top it all off, every Kumalae ukulele also comes with a soft shell gig bag to protect your new investment! Our cases are made of high quality nylon and embroidered with our Kumalae "seal of approval".
